Yes, because they are interesting and I learn a lot of things I never knew.
What have you learnt in RE?
I have learnt about Monks, Jews and Heaven. I have learnt about a lot of different religion and their beliefs. What it means to be a Muslim? Jewish, What do religions say to us when things get hard. We have learnt about the body, soul and spirit and heaven. I have learnt in RE about heaven. About death and where we go.
Why is it important to have RE lessons?
To learn about heaven Because it teaches us about the body, soul and spirit. So, we have more understanding about religion and so we can go in more depth. It is important that we have RE lessons so then we can learn about how people pray and how different people do stuff. Because we can learn about people and their religions. Because you wouldn't learn about other religions if not.
What do you think would improve your RE lessons?
I could explain my answers in more detail. Learn more about life in heaven. By having more activities where we can move around. If we had a quiz on RE at the start of the lesson. Asking questions to people from different religions.
