

Dear Parents/Carers,

We are delighted to be able to offer you free Premium access to the 'EasyPeasy' App, all you need to do is scan the QR code!

The EasyPeasy App is an evidence-based App proven to support children's attainment (aged 0-5 years). It is designed with experts to inspire simple, positive interactions at home which aid child-development. Here is what their website says...

Discover

Your feed of thousands of tips and activity ideas, personalised for your child's age and stage.

Play

Transform everyday moments into playful connections that will support your child's development.

Create

Take photos and video, add text and gifs to create and share your own parenting tips and ideas with other parents.

Share

Connect with parents and experts, through liking, commenting, and favouriting tips that you love.

As well as lots of ideas of games and activities you can do at home with your children, there are also lots of tips and advice on ways to support your child with bedtime, eating, tidying up and brushing teeth to name just a few! It really is worthwhile having a look and it's free so you've nothing to lose!

Please click on the link for the flyer which contains further information if you would like to know more about the App.

All you need to do to get started is scan the QR code I have uploaded on the website (you can also directly download the app from Google Play or the App Store - Premium access will then be applied during onboarding). I would really appreciate any feedback so please come and let me know your thoughts once you've had a try! We really hope it's useful.

Thank you for your support.

Yours sincerely,

Mrs Drummond
